

Bloomberg Intelligence - Municipal Credit Strategist

Bloomberg Intelligence ("BI") provides a comprehensive view of an industry and its key constituents. We give you unsurpassed depth and breadth at the sector, industry and company levels. We offer valuable written analysis, industry data and interactive charting and functions from a team of independent experts. BI research coverage also includes economics, credit, regulation, litigation, and environmental, social, and governance. Our work gives trading and investment professionals' deep insight into where crucial industries stand today and where they may be heading next.

Bloomberg's acquisition of BRAIS is complemented by macro strategy and research, a leading provider of benchmark and strategy indices, portfolio analytics, risk and attribution models, and portfolio construction tools. BRAIS's benchmark indices span global markets covering multiple asset classes, most notably the Barclays Family of Aggregate Bond Indices. Bloomberg currently participates in the index business through the Bloomberg Commodity Index, also known as BCOM (formerly the UBS-Dow Jones Commodities Index), and the Bloomberg AusBond Indices (formerly the UBS Australia Bond Index family).

What's in it for you:

The BI Municipal Credit Strategist position will be responsible for generating insights into the key credit themes, macro and state trends, and performance of U.S. investment grade and high yield taxable and tax exempt municipal bonds.

The analysis will be based on the Barclays/ Bloomberg Bond Indices and data sets as well as Bloomberg's portfolio analysis tools including PORT, MARS, DRSK, and SRSK, Bloomberg Intelligence data and analysis, and third party data vendors where appropriate.

You need to have

- A minimum of 5 years of professional buy and/or sell side municipal research experience.
- Exceptional communication skills.
- Strong knowledge of the Bloomberg Terminal and bond functionality.
- Ability to be a self-starter, independent thinker and collaborative team player.
- Minimum of a Bachelor's Degree, with CFA designation or MBA preferred.
