Municipal Credit / Desk Analyst
New York, NY

Ramirez & Co., a leading Municipal Bond Broker/Dealer, is seeking a Municipal Bond Credit / Desk Analyst (Analyst) to join the Credit and Market Strategy Group, reporting to the Managing Director, Head of Municipal Strategy. The Credit and Market Strategy Group is integrated with Institutional Sales and Trading. The Analyst role requires performing fundamental and market research on municipal bond issuers and issues, along with related credit monitoring functions, and assisting the Managing Director. Research is both qualitative and quantitative in nature. Work product includes written pieces, statistical analysis, and periodic reporting.

Responsibilities
- Analyze municipal credits throughout the credit spectrum in multiple sectors
- Interpret market and policy developments and impact on trading book and retail accounts
- Promptly respond to internal and external requests for information
- Attend client review or prospect meetings as needed
- Perform other duties & responsibilities as required

Qualifications
- Bachelor degree with a focus on finance and economics
- Advanced Microsoft Excel, PowerPoint, Bloomberg, and CreditScope skills
- Minimum one (1) year experience as a credit analyst or relevant investment experience
- Basic knowledge of fixed income securities, economics, finance, public finance
- A demonstrated ability to work as part of a team
- A strong attention to detail, sound judgment, and ability to reason
- Strong communication skills, both written and verbal
- Comfortable working in a fast-paced, trading desk environment
- NASD Series 7, 63 licenses (required within 3 months of employment)
