

SUMITOMO MITSUI BANKING CORPORATION (SMBC)
Public Finance Team is looking for an Associate, Municipal Credit and
Investment Banking

SMBC is a \$1.8 trillion global bank with a strong commitment to U.S. credit markets, including municipal and project finance. In recent years, SMBC has grown to be a leading credit and liquidity provider in the US municipal bond market and more recently has enhanced its capabilities as a municipal broker dealer. This new hire will join an expanding team of public finance bankers with coverage across the United States.

This position reports to the group head of the Public Finance Group within the Specialized Department Americas Division (SDAD). Candidate should be able to assist with solicitation and execution of municipal transactions including preparing credit applications and managing communications with the Credit Department and back office.

Additional responsibilities include conducting regular annual credit reviews of the bank's municipal debt portfolio and reviewing issuer disclosures and financial reports. The person in this role will also support marketing efforts by accessing online market tools, analyzing credit trends and preparing marketing materials to support new business opportunities for municipal credit L/Cs, direct lending, deposits, guaranteed investment contracts as well as new investment banking mandates. Some Excel financial modeling will be required.
